## WORK EXPERIENCE

- **FREELANCE** 2014 - PRESENT  
**Website Developer**
- **IDEALLY** [mobile app developer] 2013 - 2016  
**Director of Product Development:** Co-founder of Ideally and product manager of **Shmap** – an iOS application that harnesses GPS technology to put *location* at the center of the social messaging experience. Responsibilities include product requirements documentation, user stories, product roadmap, project management, web development, strategy, UI/UX/design, social media marketing and more. Management tools include Jira, Slack, Cloudforge, etc.
- **IN8 MOBILE** 2011 - 2013  
**Manager, Content & Promotions:** Managed the concepts, creative design, technical implementation and roadmap for all promotions and sweepstakes within in8 Mobile's two image/music recognition applications: iD and Verizon iD.
- **UNIVERSAL MUSIC GROUP** 2007 - 2010  
**Senior Producer, Mobile:** Responsible for all mobile content production for UMG's labels, giving UMG the top market share in the ringtone business. Managed an internal team of five to fulfill label production priorities. Collaborated closely with marketing executives to ensure all campaign commitments were met.
- **WARNER BROS.** 2005 - 2007  
**Lead of Wireless Personalization:** Mobile wallpaper and ringtone creative lead and production manager for major properties including *Harry Potter*, *Happy Feet*, *Superman Returns*, *Looney Tunes*, *DC Comics*, *Friends* and more.
- **INFOSPACE MOBILE** 2001 - 2005  
**Manager of Production:** Managed the high-volume creative production of licensed music, voice and images, thus creating one of the most diverse and largest catalogs of content in the mobile industry at the time.
